Login / Registration

Your IPEM Account, Basics · https://www.ipem-market.com/help/ipem-account/login/

Creating an account grants you access to the full IPEM digital experience. By registering, you can easily book the most suitable offers, access unique content such as reports and event details prior to the program agenda and database opening, and better prepare for your participation at IPEM.

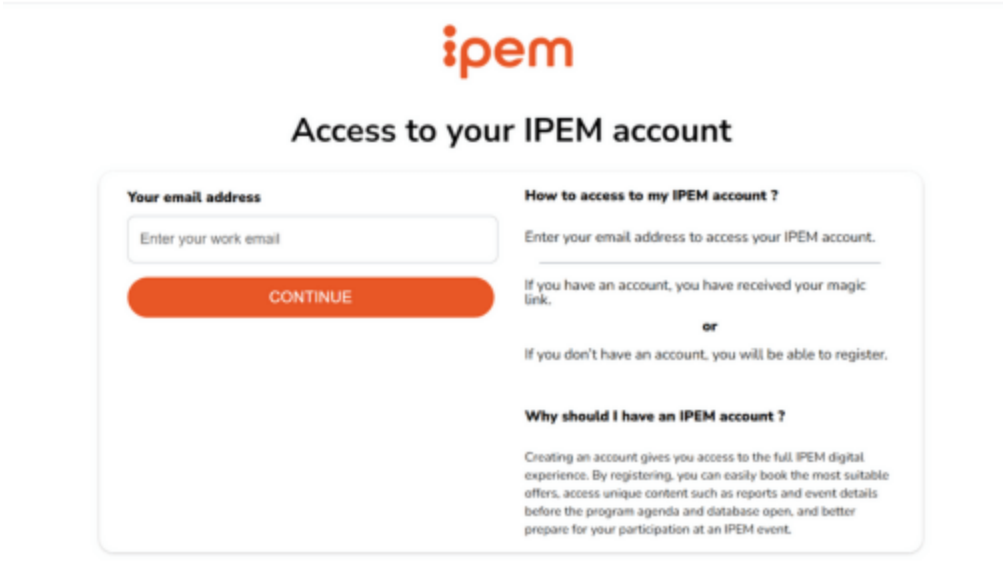

Step 1: Access your IPEM Account

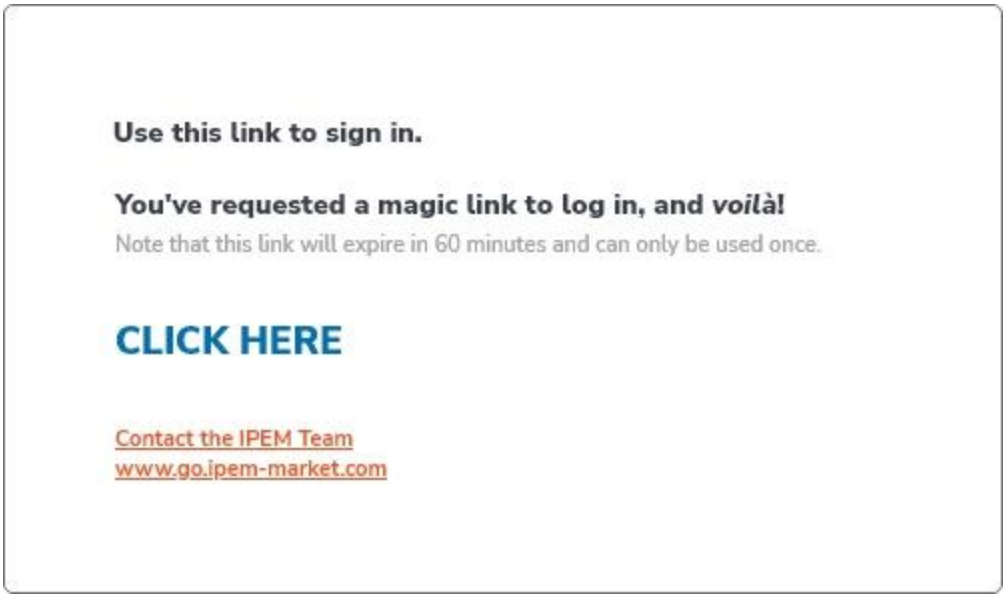

1. To begin, open your preferred web browser (preferably Google Chrome) and log into your IPEM Account. You can do this by entering **go.ipem-market.com** into the address bar.
   If you don't have an account yet, you can register by clicking on ***Create one now***!

Step 2: Enter your credentials

If you already have an IPEM Account, skip to point 3, below.

1. If you **do not have an IPEM Account** yet, and try to log in, you will receive an error message instructing you to register first, using your work email.
2. If you have not participated in an IPEM edition since IPEM 2021, you will need to create an account. To do so, click on ***Register here*** and type in the name of your firm to find it, or add a firm that is not yet in our database. Just follow the steps after that.
3. After registering, you will receive a **registration code** in your inbox that you will need to copy and paste on our website to verify your address. Once you have completed this step, your brand new IPEM Account will be created.
4. Once you have an IPEM Account, log in by entering your email address. You will soon receive an email containing a **magic link**. This link is unique, valid for 60 minutes, and can only be used once.

If you cannot find the email, check your SPAM folder, or other folders such as Gmail's "Promotions" tab.

Step 3: Completing the onboarding process

1. On your first login, you will be requested to share basic information about your firm, investment plans (LPs only), and fill in your personal profile. See the article **Profile Completion** for more information.

Congratulations! You have successfully logged in to your IPEM Account. You can now explore the various features, resources, and tools available to you. Take some time to familiarize yourself with the layout and navigation menus on the left, enabling you to make the most of your experience.
