IPEM ESG SUMMIT

28 Jan. 2020, 15:30 to 17:30 @IPEM 2020 (Cannes, Palais des Festivals)

PRESENTATION

Environmental, social and governance factors have become paramount considerations in the investment policies of most asset owners. Institutional investors are now getting more sophisticated and thus demanding when it comes to ESG. For ESG-minded GPs, the approach is also increasingly considered as an effective value creation tool in their portfolio. This new summit at IPEM is designed to gather fund managers and investors to discuss these trends and their respective approach. This summit was put together with the support of Tikehau Investment Management, Indefi and Swen Capital Partners.
