EXHIBITOR AGENDA:
Deadlines and contacts

Read our latest guidelines to make IPEM a safe & successful event

Paris, July 5th

Situation Update in France.

Since June 9th, restaurants are open (6 persons maximum per table and the interior of restaurants at 50% capacity, full capacity outdoors) and people have started returning to their offices.

Since June 17th, facemasks are no longer compulsory outdoor, apart from exceptions (queues, busy places, public gatherings). On the other hand, wearing a mask in closed environments remains mandatory (businesses, stores, transportation...).

Since June 20th, curfew has been lifted.

Since June 30th, restaurants are open at full capacity. Events (outside and indoors) in France are allowed to maximum capacity. For events gathering more than 1,000 people, the use of the health pass (EU Digital Covid Certificate) or proof that the person does not have Covid, see below for details, is mandatory.

Since July 1st, France has effectively connected and are also issuing and/or verifying at least one EU Digital COVID Certificate (vaccination, recovery, negative test).

These rules will apply at IPEM 2021 Special Paris Edition and may evolve depending on the sanitary situation and future government announcements.

A testing area will be set up at IPEM 2021 (antigen) and will be able to deliver an EU Digital COVID.

What is the EU Digital COVID Certificate (EUDCC)?

It is a form of proof of one of the three following items and will facilitate safe free movement of citizens in EU:

- That you are fully vaccinated (with an EMA-approved vaccine):
 - ⇒ Two weeks after the second shot for two-shot vaccines (Pfizer, Moderna, AstraZeneca, [COVID-19 vaccine approved for the entire EU](#));
 - ⇒ Four weeks after the shot for one-shot vaccines (Johnson & Johnson);
 - ⇒ Two weeks after the shot for vaccines administered to people who have already had COVID-19 (only one dose is necessary).
- OR that you have been tested (PCR or antigen) with a negative result within the last 48hrs;
- OR that you have recovered from COVID-19, attested by a positive PCR or antigen test result, at least 15 days and no more than 6 months old.

This certificate can be digital and/or paper format, with QR code, in national language and English. It is free of charge safe and secure and valid in all EU countries

How to get the EU Digital COVID Certificate?

The EU Digital COVID Certificate will be available in all EU member states as of July 1st, 2021. National authorities are in charge of issuing the certificate. It could, for example, be issued by test centers or health authorities, or directly via an eHealth portal.

The digital version can be stored on a mobile device (and scanned on the French app TousAntiCovid, available on the [App Store](#) and [Google Play](#), and in 6 languages). Citizens can also request a paper version. Both will have a QR code that contains essential information, as well as a digital signature to make sure the certificate is authentic.

Member States have agreed on a common design that can be used for the electronic and paper versions to facilitate the recognition.

Which EU Countries Are Set to Adopt the EU Digital COVID Certificate?

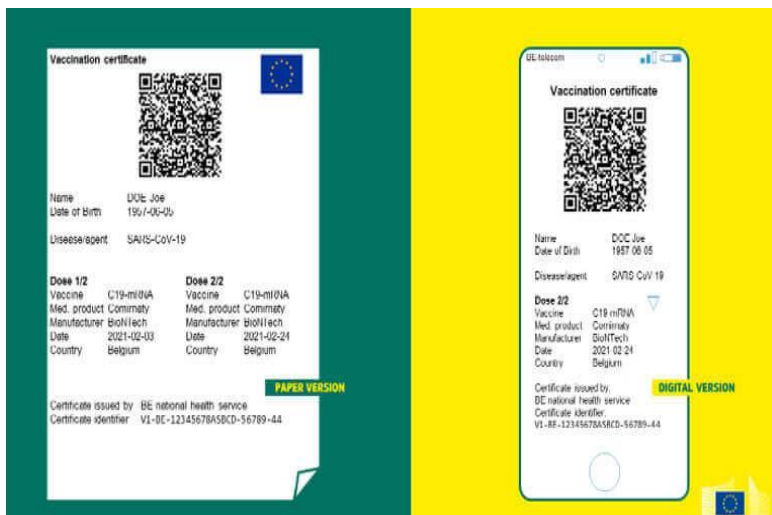

By July 1st, the following countries in the EU and the Schengen Area have effectively connected and are also issuing and/or verifying at least one EUDCC (vaccination, recovery, negative test):

How Will the Vaccine Passport Look Like?

Regarding the non-EU Schengen area members and their participation at an EU event (as of July 1st)

The condition for entering in France will depend on your country of departure and your vaccination status.

HEALTH GUIDELINES

A list of countries of departure has been drawn up on the basis of the health indicators. The lists of countries can be altered based on changes in the epidemic situation. We try to update this page constantly, however the information below may have changed as the situation is constantly evolving. If you want to see the latest information regarding the status of your country you may do so here ([link](#)). It is also strongly encouraged to verify travel information with your local embassy.

If you arrive from a “green country”

Countries/territories on the “green” list: countries in the European space (European Union, Andorra, the Holy See, Iceland, Liechtenstein, Monaco, Norway, San Marino and Switzerland), and Albania, Australia, Bosnia, Canada, Hong Kong, Israel, Japan, Kosovo, Lebanon, Montenegro, New Zealand, North Macedonia, Saudi Arabia, Serbia, Singapore, South Korea, Taiwan, the United States and Vanuatu.

- ⇒ If you are fully vaccinated: you are not subject to any health measures. Proof of vaccination will be request.
- ⇒ If you are not vaccinated: upon boarding, you must present a negative PCR or antigenic test taken less than 72 hours before the flight.

If you arrive from an “orange” country

Countries/territories on the “orange” list: every country/territory in the world, except those on the green list and red list..

- ⇒ If you are vaccinated: Upon boarding, you must present a negative PCR test taken less than 72 hours before the flight or a negative antigenic test taken less than 48 hours before the flight.
The measures regarding pressing grounds for travel and quarantine which are applicable to vaccinated adults also apply to any minors accompanying them, whether they are vaccinated or not.

If you are not vaccinated: you can only travel to France if you have pressing grounds for travel. The list of pressing grounds is set out in [the certificate of international travel drawn up by the Ministry of the Interior](#).

Upon boarding, you must present a negative PCR test taken less than 72 hours

HEALTH GUIDELINES
